- Undertake training in the cyber security field.

| Sep 2018 – May 2019 | Steward | GSS Ltd |

- First line of contact in interacting with customers giving friendly help and advice.
- Showing customers to their seats and assisting with emergency procedure
- From working in small and intimate gigs, to festivals, football games and concerts around the UK.

Achievements

NCS (National Citizen Service)
Successfully completed the NCS programme where I participated in a team project to raise awareness about the lack of disability access out there. The project involved the creation of a video, which had two members of the team – one in a wheelchair and the other in crutches – to show the challenges they face getting around, and a wheelchair basketball event sponsored by Sheffield Steelers.

Skills

Programming skills
Experienced in PHP, JS, MySQL HTML, CSS. Also specific technologies including Laravel, Git source control and Agile development- writing secure, readable code.

Graphic design
I've used Adobe Creative Cloud tools including Adobe XD and InDesign to develop numerous reports and designs that helped me with demonstrating data.

General IT skills
Proficient with the use of Microsoft Office applications, including Access and Excel. Familiar with the process of installing applications such as operating systems and applications. Knowledgeable with tools such as PHPStorm, Sublimetext, xdebug, MySQL Workbench, SourceTree and Postman.

Interpersonal Skills
A friendly person who is always willing to help others, being able to work well with people of all ages and abilities. Also, easily adaptable and flexible to any situation. Always willing to learn new skills.
